

## OPSB Special Education Program Description

### Overview:

Per the SPLC Agreement, LEAs are required to provide information about their special education programming that is publicly available and accessible online. All Charters under OPSB must submit their Program Descriptions to [ecs@opsb.us](mailto:ecs@opsb.us) and all Charter Schools will be required to host a link to their Program Description on their web site.

### Directions:

- **Section A:** Please provide your LEA's overall description/approach/philosophy to special education. Please limit the response to 200 words.
- **Section B:** Provide name and contact information for the school and CMO network special education leaders (if applicable).
- **Section C:** These data are required per the Agreement. The Department will fill in this information after submission from the LEA.
- **Section D:**
  - **Appraisal/Evaluation:** Please complete this section by providing titles/qualifications of staff (not names) in these roles, and examples of interventions, meetings, parent engagements, and decisions that may eventually result in a student's evaluation and identification.
  - **Related Services Provision and Staffing:** Please provide the number of staff (in terms of FTE) currently providing instruction or services to students with IEPs. If a specific service is not being provided because it is not required by any particular students at this time, please provide a description of how the school might seek out services if they become necessary for a student. Please also note any facility and service accommodations for student mobility. Please also note the method of specialized transportation that may be available to students and any examples of assistive technology that support students.
- **Section E:**
  - **School-based supports (in-school):** For each grade level group and in-school setting, please provide a short description of staffing, curriculum, and intervention supports. Please also note how students may be identified for extended year services and what supports they receive, and any in-school specialized programming (different from the general, resource, and self-contained descriptions) and what supports they receive.
  - **Community-based supports (out-of-school):** Please name any external partners that your school works with and the services they provide to students. If a student may require instruction or services off-site (examples: special school, therapeutic placement, hospital or a homebound setting, juvenile detention facility, etc.), please describe how the school has provided instruction and services to the student in the past, or how the school would provide these services in the future.
